ALL INFORMATION CONTAINED

DATE 1-21-83 BY SP5 BCF/CL

On March 27th I saw Mr. T. Vincent Quinn, the Assistant Attorney General in Charge of the Criminal Division. Mr. Quinn stated that he first wanted to talk with me about the current Grand Jury proceedings in New York City which have been looking into the so-called Gregory Case. He stated that this Grand Jury was about to conclude its work and that he was proposing to go to New York the week of March 30th to meet with it and to discuss the ways and means of bringing it to a conclusion. He stated that it would be impossible to return any indictments and that while the Grand Jury wanted to return a presentment that he doubted the advisability of this. He stated that he felt the Grand Jury should incorporate its views in its proceedings so that if these proceedings at any time in the future would be subject to examination or inspection by a committee of Congress it would contain the views of the Grand Jury. He stated that the Grand Jury was very aroused and incensed at the actions of the participants in the Gregory Case and that it wanted to do something about it but that there was no adequate law to warrant the bringing in of indictments, and that as previously indicated, he, Mr. Quinn, doubted the advisability of a presentment.

I told Mr. Quinn that I was not at all surprised at the outcome of this matter; that I had originally, both in writing and orally, strongly urged the Attorney General not to present the Gregory Case to the Grand Jury. I stated that I had no question in my mind as to the reliability of the informant, but that I did not believe that the law was sufficiently broad to warrant indictments, and that I believed the Gregory Case should have been allowed to continue in an investigative status. I told Mr. Quinn that I was very much disappointed that the Attorney General had not followed my recommendations as I felt then, as I do now, that the presentation of this case to the Grand Jury was undesirable and unwarranted.

I told Mr. Quinn that, of course, the question of the matter of bringing in a presentment was one in which he must finally determine. I stated that it seemed to me that there would be a most vigorous condemnation of the Department and particularly of the FBI when this Grand Jury ended its proceedings and brought in its indictments. He stated it was planned to leave no press reports.

the conclusion of the Grand Jury's work but merely have the Grand Jury report to the Court that no indictments were returned.

Mr. Quinn stated that it had been considered for awhile to submit to this same Grand Jury the Communist Party brief and that the Grand Jury might find grounds upon which to bring in conspiracy indictments against the Communist Party and its officers. I told Mr. Quinn that I was just as adverse to presenting the Communist Party brief as I was to the presentation of the Gregory Case, at least until the brief had been thoroughly reviewed and digested by not one, but by several real lawyers, who could determine objectively whether there was a case. I stated that if the Grand Jury considered this matter now without proper preliminary review by attorneys of the Department and it ended up in the same way as the Gregory Case is ending up the Department would certainly be in a most untenable position.

He inquired of me as to who I thought might be designated to study the Communist Party brief. I told him that I had no ideas as to this. He then mentioned a Mr. Jesse Climenko, who, I understand, is a Special Assistant to the Attorney General and is performing presently some legal work for the Criminal Division. He indicated that he had discussed Climenko with Mr. Ladd of the Security Division and he wanted to have my views about him also. I told him I had never heard of Climenko but that I would look over our files since Mr. Quinn stated that we had made some inquiries about him as a Departmental applicant.

At 9:30 a.m. today, ASAC Belmont called from the New York Office and stated that T. Vincent Quinn and Tom Donegan yesterday had further discussed the presentation of the case against the Communist Party to the present Grand Jury considering the Gregory case.

With reference to the Gregory case, Mr. Belmont stated the final witnesses will be heard on April 6, 1948, and the Grand Jury will be recessed until April 16, 1948, at which time they will make the final determination as to what type of report or return they will make as to the Gregory Case.

Mr. Quinn and Mr. Donegan yesterday inquired of the Grand Jury as to whether they would like to consider another case, and on a confidential basis indicated to them in a general manner the case against the Communist Party as set out in the Communist brief. The Grand Jury discussed this case in the absence of Mr. Quinn and Mr. Donegan and then advised them that they would like to hear the case and inquired as to how long it would take to present it. They were advised that it would take a month and the presentation if made would begin one week after April 16, 1948. It was further indicated that they were considering a special attorney to handle the Communist brief matter and they are giving consideration to employing Morris Ernst, Boris Kostelantz and Jesse Climenko. Climenko is presently handling the Taft-Hartley cases for the Department. In any event, it was indicated that before an outside attorney was employed the matter would be discussed with the Bureau.

PERSONAL AND CONFIDENTIAL

I thought that you would be interested to know that informant Gregory in this case had a meeting on the afternoon of April 2, 1948, with Nelson Frank and Frederick Woltman of the New York World Telegram. The appointment, which resulted in the meeting, was made by the informant. The informant said that she needed some advice and she discussed frankly and apparently in some detail her Communist Party activities and espionage activities. The informant stated that she had testified concerning these activities before the Grand Jury now in session in New York City. She indicated that she felt she was being followed. According to Nelson Frank, the informant's discussion was very interesting and was also informative.

Messrs. Frank and Woltman told the informant that they were unable to give her any advice as to what course to follow, and when she left they indicated that they might contact her in the future. The informant appeared to be somewhat confused. Messrs. Frank and Woltman were not aware of the motive which prompted her to arrange for the interview with them. They told her they could not publish her statements inasmuch as the Grand Jury is still in session. She gave no indication that she planned to write up her past activities and her experiences. She mentioned contact with Whittaker Chambers and Alexander Trachtenberg. The informant was told by Nelson Frank that they were going to advise this Bureau of her visit. She interposed no objection, stating that her relation with this Bureau was very fine.

Messrs. Frank and Woltman stated that they were unable to publish anything that she had furnished.

The informant is being interviewed by Agents of the New York Office of this Bureau in an effort to determine her motives in contacting Frank and Woltman. You will, of course, be advised of any pertinent information in connection with this interview.

Former Special Agent Tom Donegan called and stated that he wanted to furnish the following information for the Director's use on a personal basis. He stated that he and Vince Quinn had talked to the Grand Jury and had reviewed the law on the Gregory Case and that it is definite this time that there will be no indictment. He stated that the Grand Jury had raised the question of a presentment, in view of the fact that the newspapers have carried so many stories concerning this matter. He stated that Vince Quinn is opposed to any presentment, that he, Quinn, is of the opinion that the Grand Jury can read their comments and views into the records so if this record is released at a later time, the views of the Grand Jury will be on record.

Mr. Donegan stated that Vince Quinn advised that he was intending to see the Director for the purpose of determining whether the Director desired the Grand Jury to make a report or a presentment to the Department. He stated that it was expected that this Grand Jury hearing of the Gregory Case would be finished by April 7. I made no comment to Donegan concerning this matter. Mr. Donegan further stated that Vince Quinn is of the opinion that a new Grand Jury should be called for the purpose of hearing the evidence based on the brief of the Communist Party. It had previously been decided to present the matter to the Gregory Grand Jury, but apparently this view has now been dropped.

Mr. Donegan stated that Mr. Quinn also wants to talk to the Director for the purpose of obtaining his views concerning some individual who might be hired for the purpose of heading up the presentation of this matter.

At 10:50 a.m. today, ASAC Belmont called from the New York Office and advised he was forwarding a letter immediately to the Bureau containing the following information:

At 9:10 p.m. last evening, Nelson Frank of the New York World Telegram phoned Special Agent Joe Kelly and advised him that yesterday afternoon late Miss Elizabeth T. Bentley, who is the informant Gregory, met with him and Frederick Woltman. She had requested an appointment. Bentley told them that she needed advice, that she discussed frankly and apparently in quite some detail her past Communist Party activities and espionage activities. She told them she had testified with reference to these activities before the Grand Jury now meeting in New York City. She indicated that she felt she was being followed. Mr. Frank told Special Agent Kelly that her discussion, of course, was very interesting and was also informative. She was told that they were unable to give her any advice as to what course to follow and when she left they indicated that they might get in touch with her in the future. She appeared to be somewhat confused and they are not aware of the motive which caused her to arrange for the interview. They told her that they could not publish her statements, having in mind that the Grand Jury is still in session. She gave no indication that she planned to write up her past activities and experiences. She mentioned contact with Whittaker Chambers and Alexander Wachtchenberg. They also told her that they always cooperated with the FBI and that they were going to advise the FBI of her visit. She interposed no objection and stated her relation with the FBI was very fine.

Mr. Frank stated that there was no present plan to write up anything that she had furnished.

ASAC Belmont advised that a short time ago she had written Budenz in an effort to talk to him, and that she had made this contact with Budenz with advising the New York Office or the Bureau. Budenz made inquiry before arranging a conference with her as to whether it was desirable, and he was requested at that time not to arrange a conference with her. Budenz put her off by saying he was too occupied. At that time, she was contacted and requested not to get in touch with others to relate her story without first advising the Bureau.

Mr. Belmont stated he was going to have her contacted at the present time to ascertain her motives in contacting Frank and Woltman. He also felt this was a development which should be brought to the attention of Mr. Donegan and I agreed.

Reference is made to my memorandum to you dated April 3, 1948, in which you were advised of informant Gregory's contact on April 2, 1948, with Nelson Frank and Frederick Woltman of the New York World Telegram.

The informant when contacted in connection with her visit with Frank and Woltman stated that her principal reason for contacting them was that she understood that they had both had the same experience as she is presently going through since they were both former members of the Communist Party. She said that she was confident that they would be able to advise her or allay her concern. Further, she thought that they would know perhaps what action the New York Federal Grand Jury was going to take.

The informant stated she had become nervous and distraught and she was worried about what was going to happen to her. She said further that the condition had been aggravated due to the illness of her godmother who is as close to her as her own mother. She said she had a strong desire to talk to someone who understood her situation.

The informant stated that she was worried about the publicity and the possibility that a Congressional inquiry might be made. She advised she absolutely made no proposition toward developing her story on a commercial basis. She said she actually felt relieved after discussing her story with Mr. Frank and Mr. Woltman.

Gregory denied that she had planned to discuss her situation with anyone else. In this connection the informant was requested to advise the New York Office of this Bureau in the event she contemplates talking to additional persons. She was cautioned that if she did talk to other persons there is an existing danger of her being misquoted, and also the results of such contacts would not be made known to her.

The above information was made available by the New York Office of this Bureau to Mr. T. J. Donagan who is assisting Mr. T. Vincent Quinn in connection with the Grand Jury in New York.

I advised Mr. Vincent Quinn of the Criminal Division today of the information the Bureau had received from New York to the effect that the informant in this case had contacted Nelson Frank and Frederick Woltman and had advised them of her full story. I advised him that you were notifying Mr. Donegan of this in New York and he will contact the informant for the purpose of determining the reason the informant made this contact.

Mr. Quinn stated he was going to tell the Attorney General immediately. He subsequently called me and stated that in view of this development he didn't see how they could avoid the return of a presentment. He asked my opinion. I told him that I had no opinion to express concerning this matter. He stated he thought it was necessary to make such a return probably showing that all witnesses had been heard by the Grand Jury, that they had studied the law and had not been able to find anything upon which they could return an indictment.

RE: GREGORY

DECLASSIFIED BY SP-5 [signature]
ON 7-21-83

Dear Sir:

At 9:10 PM on April 2, 1948, Nelson Frank, staff reporter for the New York World Telegram, telephonically advised SA Joseph M. Kelly of this Division that on the late afternoon of that day he and Frederick Woltman of the World Telegram had received a visit at the newspaper offices from Miss Elizabeth T. Bentley.

Mr. Frank continued that on April 1, 1948, Woltman had received a telephone call from a lady who refused to identify herself by name, but told him that she had attended Vassar College with his former wife, and had information concerning matters she believed to be of interest to him. Her request to see him was agreed to by Mr. Woltman and the conference at his office the following day resulted.

It was further learned from Mr. Frank that Bentley informed Mr. Woltman and Mr. Frank that she felt in need of advice. She discussed with them apparently quite frankly her past activities with respect to the Communist Party and Russian espionage, told them she had appeared before a Grand Jury now sitting in the Southern District of New York, and testified concerning her past activities and affiliations; and that she was somewhat confused as to what course of action she should follow. She pointed out that she is presently employed by Pacific Molasses, Ltd., a British concern, and that she probably would lose this position if her past involvements were to become known to her employer. She also indicated that she believes on several occasions she has been followed, possibly by representatives of the Communist Party or by operatives of Russian Intelligence; that this factor also gave her cause for concern. Mr. Frank said that he and Woltman had a very pleasant talk with her, discovered they had a number of "mutual interests," and found her to be a very interesting and informative person, but declared they informed her they were not in a position to give her any advice at this time as to what future course of conduct to follow.

Memo to Mr. Ladd
by HB Fletcher

Mr. Frank declared that Bentley did not manifest any desire or plans specifically to publicize her past activities in any manner. He mentioned that he and Woltman informed her that inasmuch as a Grand Jury was presently considering the subject matter broached by her, they could not publish stories which might jeopardize the Grand Jury inquiry. It is to be emphasized that according to Mr. Frank, Bentley did not offer to write or otherwise furnish to them any account of her activities on behalf of and association with either United States Communists or Russian nationals with whom she was involved. He said she seemed to be rather confused and that both he and Woltman were not exactly sure of her motive in visiting them, although it appeared that she wanted to talk to someone sympathetic with her situation, in the hope that some specific suggestion might be given her.

As hereinbefore mentioned, Frank pointed out that Bentley did state she had testified before the Grand Jury presently sitting in New York City and indicated that she had furnished all information she possessed on the subject matter of the Grand Jury inquiry. It was deemed inadvisable to suggest names to Frank for the purpose of learning from him whether Bentley had mentioned specific individuals involved in the Gregory case, and the only persons he named as having been discussed by Bentley were Alexander Trachtenberg and Whittaker Chambers. The conference apparently proceeded along the lines of a general discussion, at the conclusion of which Bentley thanked both Woltman and Frank for their courtesy in discussing this situation. They then told her that they have always followed the policy of cooperating with the New York Division of the FBI, and were going to inform the Bureau of her visit inasmuch as she had stated she had been to this office and had furnished extensive information concerning Communist and Russian espionage activities. She remarked that she had no objection inasmuch as she had a very high opinion of the Bureau and had always been well treated by its representatives.

Mr. Frank reiterated that neither he nor Mr. Woltman had any intention whatsoever of publishing any part of Bentley's story, at least at this time, and further had no plans to see her again, although Frank said he mentioned to Bentley that he would like to have a further discussion with her some time.

It is of course to be noted that Bentley had not advised Agents of this Division of her intention to confer with Woltman and Frank and that in fact SA Kelly did have a brief conversation with her on the morning of April 2, 1948.

NY 65-14603

This information was furnished to Mr. H. B. Fletcher on the morning of April 3rd telephonically, and at that time the Bureau was advised that we are taking immediate steps to interview Bentley to find out the purpose of her visit to Woltman and Frank, and to reiterate our previous instructions to her that she consult us before taking any steps which may be connected in any manner to instant case.

The Bureau will recall that on a previous occasion Bentley wrote to Louis Budenz and asked for an interview; that Budenz advised this office of the letter and upon our advice he informed Bentley that his official commitments were such that he could not see her at this time. Here again Bentley failed to inform this office of her intention although she had been specifically instructed to do so.

In view of the fact that Special Assistant to the Attorney General T. J. Donegan is handling the Federal Grand Jury hearing this case, the above information is being furnished to him today.

The Bureau will be advised of the results of our conference with Bentley.

Very truly yours,

Edward Scheidt

At 1:20 p.m. today, ASAC Belmont of the New York Office called and I asked him whether or not they had effected a contact with the Informant Gregory. He said yes they had managed to find her this morning, and that all previous efforts had been unsuccessful. Mr. Belmont stated they made inquiry as to the purpose of her contact with Nelson Frank and Frederick Woltman. She was advised that Nelson Frank had called the New York Office and informed of her contact with him. She said yes he had said he was going to do that and she, of course, had no objection. The informant stated that her principal reason for contacting these persons was that she understood they had both gone through the same experience that she was going through, having both formerly been members of the Communist Party, and she was confident that they would be able to advise her or allay her concern. Further, she thought that they would know perhaps what the Grand Jury was going to do.

The informant stated she had become nervous and distraught and was worried about what was going to happen to her. She said further that the condition had been aggravated by the illness of her godmother who was as close to her as her own mother. She said she had a very strong desire to talk to someone who would understand the situation. She said she was worried about the publicity and the possibility that a Congressional inquiry might be made. She stated she absolutely made no proposition toward developing her story on a commercial basis. The informant stated she actually felt relieved after discussing her story with Mr. Frank and Mr. Woltman.

Informant Gregory was particularly asked if she planned to discuss her situation with anyone else and she said no. She was requested to advise the Bureau Agents in New York City in the event she contemplated talking to additional persons. It was pointed out to her that it was very undesirable because of the danger of her being misquoted and because the results of such contacts could not be known to her.

Mr. Belmont pointed out they have repeatedly counseled and cautioned her against making such contacts as the one she has had with Frank and Woltman. He stated that the New York Office feels she will not make any additional contacts, though it is recalled she previously had tried to get in touch with Budenz and was put off on an indefinite basis.

Information has been received through a reliable and confidential source that Beadie Magdoff, an employee of the Department of Agriculture, in June, 1946, arranged to speculate in egg futures with a Dr. Solomon Jacob Axelrodt and an unidentified third person. Each of the parties involved were to invest \$500.00. This is being brought to your attention inasmuch as Beadie Magdoff may have had advanced confidential Government information concerning the price of eggs. No action is being taken concerning this matter by this Bureau. (u)

I advised Mr. Quinn that as far as the Bureau was concerned, the Treasury Department did not continue to employ these people at the request of the FBI, that any action which the Treasury Department took was strictly its own action.

I made no commitment to Mr. Quinn with respect to this, other than to advise that the Bureau, of course, had no part in any such arrangement.

b3

Mr. Donegan subsequently called me from New York and advised that Mr. Quinn is coming to New York this evening and would probably go before the Grand Jury tomorrow morning for the purpose of taking up the above matter and also, as Mr. Quinn had previously advised, for the purpose of suggesting to the Grand Jury the question of returning a presentment.

DECLASSIFIED BY SP5 RSG/MLJ
ON 11/21/82

I have received information from a source in New York, who is entirely outside of the Justice and Treasury Departments, relating to an aspect of the Gregory Case, which I wanted to pass on to you.

According to my source of information, who has heretofore been found to be reliable, efforts are being made or are to be made by representatives of the Treasury Department to have you concur in some course of action which will exonerate the Treasury Department from any blame for continuing to employ Victor Perlo after Treasury officials were advised of his participation in the activities of the Communist espionage ring. Treasury officials are reported to be endeavoring to have you individually or jointly with a high-ranking Treasury official make some statement or execute some document which will indicate that the Treasury Department's action in retaining Perlo as an employee had the concurrence of the Department of Justice or was done at the suggestion of the Department of Justice.

If any official of the Department made this suggestion or concurred in this program, it certainly was done without the knowledge of the Federal Bureau of Investigation. As a matter of fact, I desire to point out that the maintenance of Perlo in Government employment was not continued either at the suggestion of any representative of the Bureau or with the concurrence of the Bureau.

You will recall that as early as March 4, 1946, a detailed summation of the Gregory Case, including the participation of Treasury employees, was furnished to the Secretary of the Treasury. At the request of Mr. Larson Moyer, of the Personnel Investigations Section of the Treasury Department, he was furnished on September 12, 1946, with a general summation of Perlo's activities.

It seems to me entirely improper for the Treasury Department to attempt to justify their ill-advised and dangerous action in continuing Perle in a position where he had access to confidential, classified and restricted material, after they had learned of his participation in an espionage ring by alleging at this late date that their inaction was predicated upon a suggestion from or carried out with the concurrence of the Justice Department. The fact that Perle was notified by Glasser that he should leave the Treasury Department for loyalty reasons clearly indicates the futility of the Treasury Department's position. Later it is noted that Foley countenanced Glasser's instruction, but that at an even later date Glasser with full knowledge of Perle's espionage activities recommended him to the State Department for the purpose of removing him from the Treasury Department.

These facts, it seems to me, clearly indicate that the entire course of action followed by the Treasury Department was predicated upon their own views and without any reference to any opinion or suggestion emanating from the Department of Justice.

The Attorney General

I feel, consequently, that the Treasury Department, and the Treasury Department alone, should accept the responsibility for what was exclusively their own course of action.

I have set forth these facts in some length because as I have indicated I am advised that you will be approached directly or indirectly to share the responsibility for this matter with the Treasury Department.

Reference is made to Bureau letter dated April 7, 1948, entitled "CHARLES KRAMER - INFORMATION CONCERNING", which enclosed a copy of a communication directed to the Bureau suggesting that Mrs. KENNETH P. MILLER, 4631 34th Street, Fairlington, Alexandria, Virginia, be interviewed regarding subject. Further reference is made to the telephone call from Assistant Director D. M. LADD on April 12, 1948, instructing that an Agent of the Washington Field Office familiar with the GREGORY case interview Mrs. MILLER.

Mrs. KENNETH PALMER MILLER was interviewed on April 12, 1948, at which time she advised that recently an Agent of the Bureau was making inquiries in the neighborhood concerning an individual being considered for a position with the Government. There was some question as to whether the applicant had resided with CHARLES KRAMER or with KRAMER'S next door neighbor, and for that reason the Agent had made some inquiry pertaining to KRAMER.

In regard to subject, Mrs. MILLER stated that she has known KRAMER and his wife casually as neighbors for several years. She has observed that KRAMER is well informed on political matters and believes he may have Communist inclinations. She bases this observation on comments made at various times by KRAMER and his wife. Mrs. MILLER was interviewed at considerable length but she was unable to furnish any information not already in possession of the Washington Field Office. She expressed a desire to cooperate with the Bureau in the event she is called upon to do so.

ASAC Belmont called at 4:15 p.m. and stated that Mr. Quinn and Mr. Donegan went before the Grand Jury today and they had finished the presentation of the Gregory case to the Grand Jury. It appears that the Grand Jury will return a no bill.

The Grand Jury has adjourned and will reconvene on May 4, 1948, when they will further consider the case against the Communist Party as set out in the Communist Party Brief. At that time they will be advised as to whether in the opinion of the attorneys prosecution will be possible. Mr. Quinn gave U. S. Attorney McGohey a copy of the Brief today and he is to review it by next Thursday so that they will have the benefit of his opinion as to whether prosecution will be possible. Thereafter, on Friday Mr. Quinn and Mr. Donegan will discuss the matter with the Attorney General.

Frank Gordon, Special Assistant to the Attorney General, is being considered to handle the matter relating to the Communist Party Brief.

Vincent Quinn, while discussing other matters, informed me today that the Gregory Grand Jury had adjourned until May 4. The question as to a presentment was left up in the air inasmuch as the Attorney General, at the present time, was opposed to returning any presentment. The AG indicated to Mr. Quinn that in the event of subsequent news inquiry, that he, the Attorney General, can always say that the matter was referred to the Grand Jury which took no action.

Mr. Quinn stated he would let me know the final outcome with reference to the presentment.

SOLOMON ADLER
TREASURY DEPARTMENT
LOYALTY OF GOVERNMENT EMPLOYEES

Mr. Vincent Quinn of the Department furnished me the attached copy of a memo prepared reflecting the results of an interview with Whittaker Chambers by a representative of the Treasury concerning the above named individual. He has requested that it be returned to him after it has served its purpose.

He pointed out that Mr. Foley of the Treasury Department had indicated in this memorandum certain other persons whom they would like to interview if available, in connection with the Adler case, namely Louis Budenz, Nelson Frank, etc.

It is desired that the file be checked on this case to determine if these individuals were ever contacted with reference to Adler if so, the results of such contact, and it be determined properly whether they would be available as witnesses before the Treasury Department Loyalty Board.

As you are aware, Adler is one of the subjects in the Gregory Case. A summary of that case has been furnished to the Treasury Department and apparently that department proposes to proceed against Adler under the Loyalty Order.

On March 19, 1948, Mr. Whittaker Chambers, Senior Editor, Time Magazine, was interviewed by Mr. Stephen J. Spingarn, Assistant General Counsel and Legal Member of Loyalty Board, Treasury Department, and Mr. M. L. Harnay, Acting Chief Coordinator, Treasury Enforcement Agencies, in New York City, for any information which he, Mr. Chambers, could furnish pertaining to the loyalty of Adler. Photostatic copies of a memorandum reflecting the results of this interview are attached for your information.

As will be noted from the attachment, Mr. Chambers, in response to inquiries, advised the Treasury Department representatives that J. Peters, Nelson Frank, and Louis Budenz may have additional information concerning the activities of Adler. The Treasury Department is anxious to have these individuals interviewed to ascertain what they may know about Adler's activities which will reflect on his loyalty and also to learn if these men would be willing to appear before a Loyalty Hearing Board of the Treasury Department.

Accordingly, it is desired that you arrange immediately to have an experienced Agent interview Messrs. Frank and Budenz. In view of the fact that J. Peters was taken into custody recently in connection with deportation charges, he should not be interviewed at this time.

The results of the interviews with Messrs. Frank and Budenz should, of course, be reduced to statement form and it should be indicated whether either or both of these men would be willing to appear before a Loyalty Hearing Board of the Treasury Department.

Please handle this matter immediately and submit the results to reach the Bureau no later than April 10, 1948.

On March 17, 1948, Special Agent Jack Hillsbos of the New York Office telephonically communicated with Supervisor William C. Ryan of this office advising that information in the New York Office indicated that VICTOR PERLO may possibly be residing in New York, but that the security index card transfer could not be located in the New York Office file.

Reference is made to Boston's letter in the Gregory Case dated March 24, 1948, advising that VICTOR PERLO is presently residing with his wife and family at 58 Beach, 119th Street, Rockaway Park, Long Island, New York.

In view of this change of residence the New York Office is requested to take appropriate action so that VICTOR PERLO will be the subject of a security index card.

The Boston Office is requested to advise New York whether PERLO is the subject of a security index card in that office.

Pursuant to your request, the Bureau files reflect that the following information on Solomon Adler was made available to the Treasury Department or to the Department of Justice for transmittal to the Treasury Department:

A summary in the Gregory Case dated February 21, 1946, entitled "Underground Soviet Espionage Organization In Agencies of the United States Government" was furnished to the Secretary of the Treasury on March 4, 1946.

An additional summary in the Gregory Case bearing the same caption dated October 21, 1946, was furnished to Mr. T. Vincent Quinn, Assistant Attorney General in charge of the Criminal Division, on March 6, 1948, for delivery to Mr. Ed Foley of the Treasury Department pursuant to Mr. Foley's request.

A summary concerning the activities of Adler and other Gregory subjects then employed in Government agencies was furnished to the Attorney General on March 7, 1947, in connection with the Gregory Case. It was suggested to the Attorney General that he might desire to furnish this information to the interested Government agencies.

Pursuant to a request from Mr. Peyton Ford, Assistant to the Attorney General, to you on January 2, 1948, Mr. Ford was furnished on January 6, 1948, a copy of a report of Special Agent Lambert G. Zander of the Washington Field Office dated January 5, 1948, reflecting the results of an interview with Solomon Adler, which was conducted on 12-19-47. Mr. Ford stated that he desired the results of this interview in order that he could furnish it to Mr. Foley of the Treasury Department. It was suggested to Mr. Ford that he confer with Mr. T. Vincent Quinn of the Department before furnishing the results of this interview to Mr. Foley inasmuch as Adler is a subject in the Gregory Case and that the facts in that case were being presented to a Federal Grand Jury in New York City.

14 28
On April 22, 1948, a memorandum was addressed to Mr. Quinn of the Department transmitting to him one copy of the report of Special Agent Joseph M. Kelly dated April 9, 1948, at New York City. The report revealed that Nelson Frank and Louis Budenz had been interviewed concerning Solomon Adler with negative results.

At 10:30 this morning, Mr. T. Vincent Quinn called in your absence and stated that he desires to forward a copy of the Communist Party Brief to Mr. Donegan, who is handling the Gregory Grand Jury proceedings in New York City. For this purpose, he would like to utilize a Special Agent of the Bureau who might be traveling to New York during the present week. I told him that I would check to see if any Special Agents were going to New York from Washington during the present week and would let him know.

I am informed that there are one or more Agents in the present In-Service Training Class departing this coming Saturday for the New York Office, one of whom could handle the carrying of the Brief to the New York Office where it could be made available to Mr. Donegan.

RECOMMENDATION:

It is recommended that arrangements be made for a Special Agent leaving Washington, D. C. during the coming week for New York City to obtain from Mr. Quinn the copy of the Brief so that he might carry it to New York City, where it could be made available to Mr. Donegan.

At 5:25 pm. ASAC Belmont called from the New York Office and

ASAC Belmont stated further that Mr. Quinn had advised that he was forwarding to Mr. Donegan through the cooperation of the Bureau a Brief on the Communist Party and he wanted Mr. Donegan to study this to determine whether or not the case against the Communist Party should be presented to this Grand Jury. Mr. Quinn stated that Mr. Donegan would review this prior to Wednesday. With reference to this, I informed ASAC Belmont that one of the Agents of the New York Office, who is attending the present In-Service School, would bring a copy of the Brief furnished by Mr. Quinn to the New York Office Saturday night and that it was thereafter to be made available to Mr. Donegan.

Mr. Quinn further advised that if it appeared desirable to present the case against the Communist Party to the present Grand Jury, then they wanted to secure the services of an additional prominent outside attorney. The name of Morris Ernst was mentioned. Mr. Quinn stated, however, that he did not want to decide on any outside attorney until he was sure that the Director would be satisfied with the person selected.

Mr. Quinn pointed out that the existence of the Communist Party Brief was being kept confidential and was not known to very many persons.

It now appears that the Grand Jury considering the Gregory Case has now practically completed its inquiry and is due to make a report unless it is delayed for the purpose of presenting the case as outlined in the Communist Party Brief. It apparently is the thought of the Department that if they can get favorable action on the case against the Communist Party as such as outlined in the Communist Party Brief, they will overcome any bad publicity which might result from the Grand Jury returning in effect a no bill report on the Gregory Case.

ASAC Belmont of the New York Office called at 5:05 p.m. and stated Mr. Donagan will not be coming down tomorrow because USA McGohay has not completed the study of the Communist Party Brief. Plans are now that McGohay will advise Mr. Quinn of the Department when he has completed his review and then they will arrange some type of conference. Mr. Belmont further stated that Howard Hughes, writing in the New York Journal today, had brought out the fact that the House Un-American Activities Committee was subpoenaing some of the persons who had appeared before the Grand Jury. I told him that the Bureau had received similar information. He stated he was sending in a newspaper clipping.

Reference is made to information previously furnished concerning a visit made by Informant GREGORY to Messrs. FREDERICK WOLTMAN and NELSON FRANK, staff reporters of the New York World Telegram. It will be recalled that when the informant was asked to explain the circumstances of that conference, she explained that she was desirous of speaking frankly about her situation to someone who would understand her problems; that she understood Mr. WOLTMAN was a very reputable individual and that she had decided upon him because she knew he had formerly been a Communist Party member and would appreciate her situation.

Please be advised that GREGORY telephonically advised Special Agent Joseph W. Kelly of this Division that on April 16, 1948 she had kept a dinner engagement with NELSON FRANK in a local restaurant, and that following the dinner, she had engaged in a discussion of several hours' duration with him. It was learned that the discussion brought out virtually all of her Communist Party and Russian espionage activity; she again mentioned her highly nervous condition, the fact that she thought she would feel better if she could discuss her situation frankly with some understanding person, and that her revelations to FRANK were not made at his request, but were rather her own idea. She remarked that FRANK reiterated his expressions of high regard for this Bureau and its personnel, and that although GREGORY'S activities undoubtedly could be the basis of a sensational news story, he would not even consider preparation of a story while the Special Grand Jury remains in session. According to GREGORY, FRANK indicated further that he would discuss any such project upon which he decided with the Bureau before proceeding on it.

Informant GREGORY mentioned that she has found FRANK to be a most helpful individual in that because of his previous Party affiliation and activities, he has a complete understanding of her situation, her occasional fears of retaliation by Party or Russian representatives, and that she is of the definite opinion that her conferences with him have a most salutary effect on her health and peace of mind. She indicated that she will see FRANK again, although apparently for no specific purpose other than the type of discussion previously described.

It will be recalled that this office was advised of GREGORY'S initial conference with WOLTMAN and FRANK by the latter. No advice as to the most recent meeting has, however, been reported to agents of this office by FRANK.

Any further information concerning conferences between the informant and FRANK will of course be promptly furnished to the Bureau.

RECORDED

Reference is made to my memoranda to you and Mr. Quinn dated April 3 and April 5, 1943, concerning informant Gregory's contact with Nelson Frank and Frederick Weltman of the "New York World Telegram."

Information has now been received that on April 16, 1943, the informant kept a dinner engagement with Nelson Frank on that date in a New York restaurant and following the dinner she had engaged in a discussion for several hours with him. This discussion revealed virtually all of her Communist Party and Russian espionage activities. The informant has again reported that she is in a highly nervous condition. She also mentioned that she thought she would feel better if she discussed her situation frankly with some understanding person, and stated that her revelations to Mr. Frank were not made at his request but that it was her own idea.

The informant reported that Mr. Frank stated that although the informant's activity undoubtedly could be a basis for a sensational news story, Frank would not even consider the preparation of a story while the Federal Grand Jury in New York City remains in session.

The informant mentioned that she has found Mr. Frank to be a most helpful individual because of his previous Communist Party affiliation and activities. She feels that he has a complete understanding of her situation and of her occasional fears of retaliation by Communist Party or Russian representatives. She is of the definite opinion that her conferences with him have had a most salutary effect on her health and peace of mind. The informant indicated that she will see Mr. Frank again apparently for the same type of discussion.

You will be informed of any subsequent contacts between the informant and representatives of the press.

MR. TANN

MR. NICHOLS

Yesterday I saw Mr. Tom Donegan who is the Special Assistant to the Attorney General handling the presentation of the Gregory Case before the Grand Jury in New York. Mr. Donegan is in Washington to confer with the Attorney General and Assistant Attorney General Quinn as to what steps are to be taken relative to the presentation of the Communist Party brief which we recently submitted to the Attorney General. Mr. Donegan informed me that this brief had been reviewed by him and he thinks there is a substantive case against the Communist Party under the Smith Act. He stated the brief also had been submitted to United States Attorney McGuire at New York City for review and that he is to be in attendance at a conference with the Attorney General on Friday of this week to advise of his views in the matter. Mr. Donegan stated that so far as he knew no one else had reviewed the brief. He stated that he was not particularly enthusiastic as to the assignment of this matter to Mr. McGuire because he doubted whether it would be effectively handled should they decide to bring it to the Grand Jury.

I told Mr. Donegan that I had vigorously urged the Attorney General and Mr. Quinn to have some outside attorney thoroughly analyze the brief in a critical manner before any decision was made for the presentation of this case to the Grand Jury, but that apparently my recommendation in this matter had not been followed. I told Mr. Donegan that I considered that we had a good case against the Communist Party under the Smith Act, but I felt that in view of the importance of this matter and the very wide effect of any prosecution that might come out of it, before action was initiated the brief should be reviewed objectively by someone who was not so intimately associated with Communist investigations and by someone who could approach it from the viewpoint of a defense counsel and that if after this was done the person so reviewing it felt the Government had a good case then, of course, it should be presented to the Grand Jury with a view to obtaining an indictment.

Mr. Donegan discussed generally the status of the Gregory Case and stated that the Grand Jury was now expected to return a presentment criticizing OSS and the Treasury Department for the retention in their services of individuals with subversive backgrounds and for the failure of the Treasury Department to act upon information

that had been submitted to it by the FBI. Mr. Donegan stated that Mr. Quinn had informed him that the Attorney General did not desire any such presentment to be made and had in fact under consideration the writing of a letter to the effect that the retention of some of the subjects in the Gregory Case by the Treasury Department was made at his suggestion in order that the investigation would not be imperiled.

I told Mr. Donegan that I had also heard of this rumor and had in fact written a memorandum to the Attorney General recently pointing out to him the rumor and also setting forth the facts that showed that the FBI had furnished the Treasury Department with information in this case, and that in so far as the FBI was concerned it had at no time directly or indirectly indicated that these persons should be retained by the Treasury Department in order not to interfere with any investigation being conducted by the FBI. I told Mr. Donegan that I thought it would be most unfortunate for the Attorney General to commit himself to any such statement as contemplated because certainly from the point of view of the FBI the facts did not support it.

ALL INFORMATION CONTAINED

DATE 11/21/89 BY SP-1 GOSKMP

Reference is made to the attached memorandum dated March 19, 1948, at New York City, reflecting the results of an interview with Mr. Whittaker Chambers, Senior Editor, Time Magazine, by Mr. Hursey and Mr. Spingarn of the Treasury Department, which you made available to Mr. E. M. Ladd of this Bureau on March 23, 1948.

It is noted Mr. Foley of the Treasury Department has indicated to you that that Department is desirous of interviewing J. Peters, Nelson Frank, and Louis Budenz, mentioned in the attachment as persons who may know of Adler's activities, to ascertain what they may know regarding such activities, as well as to determine whether they would be willing to appear as witnesses before a Loyalty Hearing Board of the Treasury Department.

As you are aware, Adler is one of the principal subjects in the Gregory Case. A Loyalty investigation of Adler has not been conducted by this Bureau, pending the outcome of the presentation of the facts in this case to a Grand Jury in the Eastern District of New York.

From the available information, it appears that the Treasury Department proposes to take action against Adler under the Loyalty Program. In view of this, it is suggested that you may wish to advise the Treasury Department that since the FBI has been given exclusive jurisdiction over this Program, the Bureau is interviewing Messrs. Frank and Budenz to ascertain what they may know concerning Adler's activities and also to determine if they would appear as witnesses before the Treasury Loyalty Hearing Board.

This Bureau will not endeavor to interview J. Peters, because, as you know, he recently was taken into custody in connection with deportation charges.

The results of the interviews with Messrs. Frank and Budenz will be made available to you immediately upon their receipt, for referral to Mr. Foley of the Treasury Department.

Tom Donegan advised me today that the Department still has not made up their minds as to the manner of disposing of the Grand Jury which has been hearing the Gregory Case. The Department suggested to Mr. Donegan that he adjourn the Grand Jury for two months. He stated he didn't think the Grand Jury would accept this, that they felt they were ready to adjourn unless there is another case for them to hear, it being recalled that it was intended to present the Communist Party brief to this Grand Jury. Mr. Donegan stated the delay is occasioned by Mr. McGohey's request for an additional two months to study the brief.

ASAC Belmont telephoned at 4:20 p.m. from New York and stated that T. Vincent Quinn and Mr. Donegan had appeared before the Gregory Grand Jury today. The Grand Jury had made no findings concerning the Gregory Case and had adjourned subject to call. They will take no further action toward making any type of findings on the Gregory Case for at least two months. With reference to Captain ABRAHAM HELD,

[REDACTED] was a witness on the passport application of JACOB EPSTEIN, who it will be recalled was an important subject in a major Russian espionage investigation in this office. The New York files further indicate that HELD had a business association from 1939 to 1941 with ALEXANDER STEVENS, alias J. PETERS, important Communist functionary who was recently arrested by agents of this Bureau and the Immigration and Naturalization Service, and is presently awaiting deportation hearing. It was also observed from a file review that HELD was in fact killed in Germany while on duty with the U. S. Army.

During the period covered by instant report, photographs of the following individuals were exhibited to informant GREGORY, but she was unable to effect an identification of any: HENRY GEORGE LYND, SUSAN ABBOTT LYND, SUSANNA PAXTON (wife of ABRAM FINEBERG), GRIGORI GRIGORIEVICH DOLBIN and PHILIP MORTON FIELD. Informant continues to maintain her previously described employment in New York City.

On March 31, 1948, J. J. Donegan made available a copy of a letter dated March 25, 1948, directed to Attorney General Tom C. Clark and signed by ABRAHAM L. POMERANTZ, O. JOHN ROGGE and LOUIS F. McCABE. This letter, copies of which were distributed to the press in New York City, called upon Attorney General Clark to dismiss the Federal Grand Jury now sitting in New York City and reportedly hearing evidence of Russian espionage operations because of the publicity which has appeared in various newspapers allegedly describing the operations of such Grand Jury. It was learned the text of this letter appeared in the "Daily Worker" on April 1, 1948. ABRAHAM L. POMERANTZ, who was formerly Deputy Chief Counsel of the American Prosecution Staff at Nuremberg, Germany; O. JOHN ROGGE, who is of course well known to the Bureau; and LOUIS F. McCABE, described in a short statement appended to the above-mentioned letter as a "well known Philadelphia lawyer and Vice President of the National Lawyers Guild", appeared as the signers of this letter.

Messrs. Quinn and Donegan have advised that the Grand Jury will reconvene on May 4, 1948, although no witnesses are presently scheduled to appear on any future date.

ASAC Belmont of the New York Office called at 3:00 p.m. today and referred to Bureau letter of February 14, 1948, instructing the New York Office to prepare a list of photographs of various persons which have been exhibited to Informant Gregory. Mr. Belmont stated that this would require considerable research, not only through the Gregory file itself but through countless other files, and then there would be no guarantee of accuracy in the list. He advised that to keep this up on a current basis would be difficult, and before they initiated the project he wanted to be certain it was practicable and the Bureau's purpose in making the request was necessary, having in mind the difficulty of meeting the Bureau's request.

I told Mr. Belmont I would check and advise him.

ASAC Belmont called from New York at 5:00 p.m. tonight. He said he had been talking to Mr. Donegan and Donegan had stated that Nelson Frank of the New York "World Telegram" had met with him this afternoon and inquired as to when the Grand Jury was going to finish up the Gregory Case. Mr. Donegan told him he did not know. Mr. Frank then wanted to know why they could not make some type of presentment naming names and as to that Mr. Donegan, of course, had no comment.

Frank stated to Donegan that they had a good story, mentioning that he had got the details from Gregory, and the New York "World Telegram" had held off publishing it. He remarked that if Rushmore had the same story, he would publish it. Frank stated that he was writing a book for Gregory.

Frank indicated that a Congressional inquiry might take place so that the "Telegram" could release its story. This would indicate that there is a possibility that the newspaper, the New York "World Telegram", will pressure some Congressional committee into making an inquiry into the Gregory Case, which will put the New York "Telegram" in the position of being able to utilize the information in their possession.

Frank also made the statement to Donegan that the Grand Jury had held off making any return or presentment because it was an election year. Donegan pooh-poohed this thought.

Mr. Belmont stated further that the Grand Jury in agreeing to the next two months' adjournment considered as one factor to justify the adjournment the fact that an adjournment would cause the New York "World Telegram" to sit on the information they now possess.

NEW YORK, FRIDAY, MAY 14,

"Ye shall know the truth, and the truth shall make you free"—John, viii, 32

The Long Grand Jury

IT IS NOW nearly a year that a Federal Grand Jury was convened in New York to deal with subversive activities and espionage.

The basis for the information placed before the Grand Jury was the irrefutable data that in 1934, Harold Ware, son of the redoubtable Communist leader, Mother Bloor, organized a Communist cell in Washington with the object of placing men in high office in the government.

The names of the original members of the cell are known. Originally, this group consisted of 10, but it grew to several thousand.

Among the brightest and most competent of these persons are some who, during the past 14 years, reached some of the highest offices in the land, including close association with the White House.

Indisputably, this group was in a position to hand to a foreign country important data which should have remained secret in the United States.

Indisputably, some of these persons were able to reach decisions of the greatest moment and to set in motion activities which in time became national policy.

For instance, what investigation has been made of the banknote plates which the United States lent to the Russian government? How much American money did Soviet Russia print and distribute? How much of that money have we already redeemed? How much is outstanding?

What will this particular lunacy cost the American taxpayer?

Who pressed for the publication of the Smythe Report on the atom bomb? Why was it published?

Who wrote the pro-Russian, anti-American orientation courses which the Army distributed to our sons during the war? Who arranged the entire educational program which drove so many of our sons into the bosoms of the Communists?

Who set up the policy of stimulating minority antagonisms in the United States? Was not one "anonymous" secretary employed by the White House to do that job? How did he happen to be so employed? Who got him in?

Why was the China policy in the State Department handled by a pro-Russian group whose every action was designed to give China to Russia as Poland was given to Russia?

There are hundreds of questions of this nature that might be asked.

So far, as a result of the Federal Grand Jury investigations, a few aliens have been picked up and ordered deported. All are still in the United States.

Last January, it was rumored that the Federal Grand Jury would not hand down indictments, but rather would turn out a presentment similar to the Canadian Blue Book on the subject.

It was said that the American case would make the Canadian Blue Book look tame.

Thus far, no indictment, no presentment has been handed down.

The Department of Justice alone is legally responsible for what is going on.

We would like to know why busy men are kept at such a task without reaching a conclusion about data which began to become available sometime in 1941. Does Tom Clark want to wait until Election Day because higher men are involved in both espionage and subversion?

Why does not the Grand Jury act on its own? Why not become a

The delivery truck was recently used in obtaining a picture of HELEN KORAL. KORAL is a contact of LEAH MALAMENT, subject in the MOCASE. She is also a subject in the GREGORY case and is believed to have been involved in the ARMAND LABIS FELDMAN case.

HELEN KORAL was interviewed by Agents of this office [redacted] It was, therefore, necessary to discreetly obtain her picture without in any way arousing suspicion on her part or people in the neighborhood. The delivery truck provided sufficient cover and enabled the Agents to discreetly photograph her.

ASAC Belmont called at 3:55 p.m. from New York and stated that Nelson Frank had called Mr. Donegan again today and tried to get Donegan to consent sufficiently so that the New York "World Telegram" could publish the story that they have from Gregory. Donegan pointed out to him that the Grand Jury was still in session and was still considering the matter. Frank stated that Waller was writing a lot of material lately and they were getting worried that he was going to scoop them. He further stated that Wolters had talked with Budenz and they were satisfied that Gregory had told the truth.

ALL INFORMATION CONTAINED

DATE 11/13/88 BY SP5 R/K/PS

In connection with the current efforts to identify the unknown subject "Jack" in connection with the Gregory case, your attention is invited to the report of Special Agent Gene P. Papp, New York, New York, dated July 18, 1944, in the case entitled "Kenneth Durant, Internal Security - R," New York file 65-358.

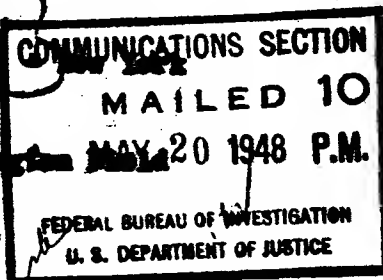

You will recall that according to Gregory, Jack claimed of suffering with stomach ulcers and reportedly had undergone an operation for this condition. On page 2 of the above-mentioned report, it is noted that in 1944, or sometime immediately preceding that date, Kenneth Durant had been suffering from a stomach ailment and had undergone a stomach operation at the Markness Pavilion Hospital, according to the superintendent of the apartment building where Durant resided in early 1944. According to Dr. F. B. Saint John of the Markness Pavilion Hospital, who treated Durant, Durant's condition after Russia's entry into the war aggravated his ulcers to the extent that he had severe hemorrhages which necessitated an operation removing over two-thirds of his stomach. As a result of this operation, Durant resigned from his position as head of Tass News Agency in New York City. *Rm*

It is noted that there are some dissimilarities in the description of Durant as set out in the above report, and the description of unknown subject "Jack" as furnished by Informant Gregory. However, there are certain similarities noted, especially in the description of "Jack's" hair as described by Informant Gregory, which may cause an identification to be made. *R.9*

There is attached hereto a photograph of Kenneth Durant which was taken in 1936. You should immediately exhibit the attached photograph to Informant Gregory, if this has not already been done, in order to determine if Durant is identical with the unknown subject "Jack".

By letter dated March 16, 1948, WILLIAM WALTER REMINGTON advised this office that he had transferred from the Council of Economic Advisors to the Department of Commerce and that he would be located in the Department of Commerce Building. At that time he was not certain as to what his room number or telephone number would be, but stated that he would notify this office when they became known to him. He added that his new job would be in the export control field and that he hoped he would have a chance to use all of his professional experience either directly or indirectly to help in the great job of combatting the actual and potential enemies of the United States. He went on to say that he hated Communism as much as any of the FBI Agents and that he hoped his new job would give him in a small way, a chance to prove it. He closed by stating that he would welcome any detailed review of his attitudes and his work at any time.

It has been determined through the personnel at the Commerce Department that REMINGTON is Director of Export Program Staff, Office of International Trade, and occupies rooms 3707 and 3709 with telephone extension 639.

7. Connection or status of subject in the case:

Subject is former employee of O.S.S. in Washington, D. C., now residing in Seattle and is subject in the case entitled "NATHAN GREGORY SILVERMASTER" of which Washington Field Office is the origin. It should be noted in connection with WHEELER that Washington Field will remain office of origin according to their letter dated December 8, 1947.

8. Specific information being sought:

Information designed to make known to this division the principal contacts of WHEELER is sought.

9. Reasons for believing the specific information will be obtained by the technical surveillance:

It is thought that WHEELER will probably use the telephone in connection with whatever espionage activities he is engaged in.

10. Importance of case and subject:

The SILVERMASTER case is one of the major Espionage cases in the field at the present time and from a review of the material furnished this division by the Washington Field Office, it would appear that DONALD NIVEN WHEELER is a major subject in this case.

~~CONFIDENTIAL~~

11. Possibilities of obtaining desired information by other means (Explain in detail):

WHEELER is unknown to any confidential informant in this division and a survey of his neighborhood reflects that it is unlikely that any neighbor who would be developed as an informant would be in a position to furnish information of value.

It is consequently thought that the desired information could be obtained by no other means.

12. Risks of detection involved:
No unusual risks involved.

Approximately 90 days.

None.

15. Remarks:

It is felt that a technical surveillance on this subject would be most beneficial and in view of the economy of Agent time which would be expended, the results would be proportionately very great. It is also felt that further leads could be drawn from this technical surveillance.

16. Recommendation of Assistant Director:

It is not believed that a technical surveillance on subject is warranted by the Seattle Office inasmuch as no active investigation of him has been conducted by the Seattle Office since his arrival there in the Summer of 1947, and it is not believed that any further active investigation should be conducted on him. It is recalled that the Federal Grand Jury in New York City hearing the Gregory case did not even subpoena Wheeler from Seattle because of the expense involved.

There is attached hereto a letter to the Seattle Office advising that a technical surveillance is not desirable at this time.

The Bureau teletype further directed that the Bureau should be advised immediately of any contemplated plans of any of the aforementioned individuals to depart from this country.

ASAC Belmont of the New York Office called at 4:12 p.m. today to advise that he had just received a telephone call from Mr. Donegan. Mr. Donegan advised he had just received a phone call from representatives of the New York Times and the Associated Press inquiring of him concerning a United Press dispatch out of Washington indicating that the Attorney General had released a statement to the effect that the Grand Jury which is looking into Communist activities in New York had adjourned indefinitely to give the FBI time to conduct further investigation. Mr. Donegan made no comment and referred them to the Attorney General.

Mr. Belmont stated that Mr. Donegan indicated that he was very much displeased with any such statement and that he would be willing to go so far as to resign and make a statement that this was incorrect.

It is suggested that Mr. Nichols might check with the Press Section in the Department to see if such a statement was actually issued by the Attorney General.

On April 29, 1948, the following letter was received by Special Agent WILLIAM R. CORNELISON from WILLIAM WALTER REMINGTON: (u)

"My present office number is 3710 Commerce Building. The telephone is Extension 4287, and I can also be reached on 4137. (u)

"During the last months I have not been able to attend A.V.C. meetings so I have not written to you about AVC problems and personalities. (u)

"However, there is something else I want to call to your attention. A friend of mine, JANE SHEPHERD, is helping to plan one of the regular Sunday afternoon radio programs of WQQW. It is now called 'Make Way for Freedom', and it comes on the air at 4 pm. She serves on a planning committee, and helps plan some of the individual broadcasts; with others she is not involved. In this committee there is one man who more or less consistently seems to follow the Communist line. His name is CARTER BARBER. For example, he was asked to explain the possibilities of a program on Palestine. He came back with a suggestion apparently cribbed word for word from Communist sources, and he had already asked Representative ISAACSON to speak. The other members of the Committee voted him down, and the program director of WQQW refused to let ISAACSON appear on grounds he is too close to the Communists on this issue. (u)

"In connection with other proposed programs BARBER has also proposed anti-government points of view, but he receives no support. (u)

"This program has been reported in the Washington Post the last four times - in the Monday paper - if you care to check on it. (u)

"The program used to be called 'Americans All'. The negro who was in charge then seemed to be an extreme radical who made a nuisance of himself. WQQW finally dropped him and the name, retaining the program under the new title. 'Americans All' is now incorporated in the District of Columbia, and the names of all officers would be available through D. C. records. If the officers are not Communists they certainly are negro nationalists who would probably follow the policy suggested by PHILLIP RANDOLPH (of the Sleeping Car Porters Union) to the effect that negroes should resist service in the Armed Forces because of segregation. (u)

The members of the present planning committee all seem to JANE SHEPHERD to be non-Communists (judging from what she has told me) except for BARBER.

I talked to Leo Cadison in the absence of Dean Schedler regarding the alleged statements made by the Attorney General regarding the New York Grand Jury.

Leo stated the Attorney General was queried about the Grand Jury. The AG stated it had recessed, that the recess will give the FBI an opportunity to check additional matters.

The question was then asked, when the Grand Jury started. He stated last June. He was asked if this was not an exceptionally long period of time. He said that it was not, that Congress recognizes this as established by law, that a Grand Jury could be in session 18 months.

Leo stated he thought the statement was very innocuous. I told him we were getting inquiries in our New York office regarding this, that we were making no additional investigation in the Gregory Case. Leo stated he would tell the Attorney General immediately.

As I see it, there is nothing for us to do but to answer any inquiries with a "no comment."

CC - Mr. Ladd

We should state that FBI is making no further investigation but check with Cadison & get his approval for our denial.

The file in connection with this matter is retained in Room 1732 by the Supervisor. Inasmuch as this entire matter has been handled as a special and it is necessary to constantly refer to the files for the purpose of supplementing and keeping the brief up to date, this file has been so retained. In addition, there are approximately 604 original exhibits in this case which must be kept intact in the event the Department should call for any of them.

Director's Notation: "O. K. H."

ESPIONAGE OF GOVERNMENT PROPERTY

This file is kept by the Supervisor in his office, Room 1643, having been permanently charged to him. There are presently being written numerous memoranda concerning this matter. It is necessary to refer to the file very frequently, and in view of the fact that this file would otherwise be kept in the Identification Division, it has been permanently charged to the Supervisor.

ESPIONAGE - R

Director's Notation: "O. K. H."

The entire file in this case was maintained in the Supervisor's Office from the time of its inception in November, 1945 until the late fall of 1947, at which time the file was returned to the file room when it became comparatively inactive.

In addition to the above-cited instances, of course, all Loyalty reports and mail are retained in the Loyalty Section until the completion of the case, at which time the jacket on a closed case is sent to the file room for processing and filing. The same thing is true with reference to Atomic Energy Act Applicant and Employee cases.

This is to advise that the complete file in this case was maintained in the office of the Supervisor handling the case from the time of its inception, November 1945, until the fall of 1947.

The file was kept in the Supervisor's office for ready reference inasmuch as the case was very active, at least until the fall of 1947 when the complete file was moved to the Files Section. This was done to conserve space. Only tickler copies of certain reports from the New York and Washington Field Offices are maintained in the Supervisor's office at the present time.

On May 24, 1948, Mr. T. Vincent Quinn, Assistant Attorney General, advised that on April 20, 1948, upon authorization of the Department of Justice, Messrs. Malachi L. Harney and Stephen J. Spingarn of the Treasury Department Loyalty Board interviewed the captioned individual. The Treasury Department at that time was considering preferring Loyalty charges against Adler based upon his being implicated in the Gregory case. Attached is a photostatic copy of the results of this interview which was furnished to the Bureau by Mr. Quinn. The Treasury department representatives also obtained a sworn statement from the employee on April 28, 1948, which was not made available and which, according to Mr. Quinn, is almost entirely a repetition of the information developed in the April 20, 1948, interview. You should obtain a copy of this statement from the Treasury Department for appropriate consideration and possible inclusion in your report in this case.

The Treasury Department has indicated and the Department concurs that additional investigation is necessary in this case as a result of the interviews with Adler, in which he has denied allegations made by confidential informants. The Department has specifically requested (1) that Gregory and Mr. Whittaker Chambers, Senior Editor, Time Magazine, be reinterviewed concerning the accuracy of the information originally furnished on the employee (the New York Office was previously furnished the results of an interview with Chambers conducted by Treasury Department representatives at New York City on May 19, 1948); (2) if he is available and it is not otherwise inadvisable, J. Peters, Alias Alexander Stephens, whose true surname may be Goldberger or Goldenberger, should be interviewed; (3) that qualified informants or former Communist Party members, such as Louis Budenz, who were prominent in Communist Party circles in New York City and Washington, D. C., during the period since February, 1936, or in Chicago Illinois, during the period from February, 1935, to 1936, be interviewed, if available, to determine whether they can furnish any information concerning this employee; and (4) that any significant leads contained in the attachments hereto (see enclosed photostated documents) be followed through to their logical conclusions. It should be noted that Mr. Quinn furnished a copy of a State Department report dated April 6, 1948, pertaining to interviews with persons with whom Adler associated while stationed in China. Enclosed is a photostatic copy of this report.

JAMES ROY NEWMAN

BACKGROUND

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 4-21-83 BY 85067

James Roy Newman was born in New York City on August 3, 1907. His parents were born in Prague, Czechoslovakia, and are naturalized United States citizens. Newman's wife, Ruth Gallert Newman, was born in New York City on June 16, 1916.

Newman attended the City College of New York from 1923 to 1926 where he earned an A.B. degree. From 1926 to 1929 he attended Columbia University where he obtained an LL.B. degree. From 1933 to 1936 he studied graduate work at Columbia and during this period he practiced law in New York City. He is a member of the New York State Bar, having been admitted in 1929. He reads and speaks French and German. Newman is the author of a number of books, among which are "Mathematics and the Imagination" and "Tools of War."

Newman formerly resided at the following addresses: 245 East 72nd Street, New York City, from September, 1936, to September, 1940; 308 East 79th Street, New York City; 6019 North 19th Street, Arlington, Virginia; 1321 Holly Street, Northwest, Washington, D. C. He is last known to have resided at 3409 - 34th Place, Northwest, Washington, D. C.

During the period from April, 1939 to December, 1941, Mr. Newman practiced law in New York City and during this same period he was a member of the American-Jewish Committee engaged in survey work at a salary of \$5,000 per annum. While practicing law in New York, Newman resided at 308 East 79th Street, New York City. It has been reliably reported that one of his employees at that time was Michael Edelmann, who has been identified as a Soviet espionage agent who formerly operated in Paris, France.

From December, 1941 to June, 1942, Newman was employed by the War Department in Washington as an Assistant to the Chief of the Tax Amortisation Division at a salary of \$4,600 per annum. Later, from June, 1942 to April, 1943, he was employed by the War Production Board, Washington, D. C., as Head Program Planner at a salary of \$7,100 per annum. He was Assistant to Robert Nathan. His duties consisted of economic analyst of war programs, preparing studies on submarine warfare, copper production and liaison with the War Department. He was also a member of the Quartermaster's Advisory Board.

65-56402-3268

ENCLOSURE

From April, 1943 to August, 1944, Newman was employed by the Foreign Economic Administration as Head Intelligence Officer in Washington, D. C. and London, England, at a salary of \$8,600 per annum. In this position his duties were described as being responsible for economic intelligence obtained from enemy countries; liaison with Ministry; economic war preparation; assembly and analysis of economic intelligence; bomb damage assessments with the Ministry of Economic Warfare, and preparation of economic material for the Civilian Affairs Section of the United States Army. He worked under the direction of Winfield Riefler, United States Minister to England.

At the request of the then Undersecretary of War, Robert P. Patterson to the Foreign Economic Administration, Newman was loaned to the War Department on August 21, 1944, for a three months' period, but other extensions to this loan were subsequently granted. His services were relinquished by the War Department because his services were needed by Judge Vinson, believed to be the former Secretary of the Treasury, and now Chief Justice of the Supreme Court, and Robert Nathan, in the Office of War Mobilization and Reconversion. Newman was approved by the Civil Service Commission as Program Analyst for the Office of War Mobilization and Reconversion on May 17, 1945, at a salary of \$8,000 per annum. His salary was increased to \$9,000 per annum on July 1, 1945. While employed with the Office of War Mobilization and Reconversion, he was Counsel to the Senate Special Committee on Atomic Energy. Newman resigned from the Office of War Mobilization and Reconversion in the fall of 1946. He subsequently became connected with the magazine "New Republic." He was associated with this magazine until February, 1948. It has been reliably reported that during the summer of 1947, Newman was employed as an instructor at Yale University, teaching a course relating to the Atomic Energy Act.

ACTIVITIES

On October 15, 1943, James Newman, American Embassy, London, England, who was assigned to the Economic Warfare Division of the Embassy, requested air transportation to the United States. Subsequently Newman arrived at the Port of New York aboard the SS Queen Mary. He was destined to the Foreign Economic Administration in Washington. Later he apparently returned to England since he subsequently applied for Transatlantic air passage to the United States on June 2, 1944, from London. At this time he was described as Chief Intelligence Officer, Foreign Economic Administration, London, and was stated to be returning to the United States in order to report.

It has been reliably reported that in August, 1947, James R. Newman was proposed as a speaker for a "Freedom Meeting" to be held in New York City under the sponsorship of scientists and other professional members of the Progressive Citizens of America. Among other persons mentioned as possible speakers at this meeting were Henry A. Wallace and Mrs. Edward G. Robinson.

A confidential and reliable source reported that Newman made a speech in New York City during the early part of December, 1947, at the New School for Social Research. In a pamphlet issued by the school, it described the members of its faculty as individuals who were expelled from their native countries because of political unreliability. It has been reliably reported that a great many Communist Party members have been in attendance at meetings held under the auspices of this school.

Reliable sources have reported that James R. Newman has been in contact with individuals who have reportedly been engaged in Soviet espionage activities, as well as individuals who have entertained Communist sympathies.
